BOAT RULES FOR MADRAS PORT.

1. No person or persons shall use any boat or outboard to carry goods or passengers to or from any ship or vessel at this port, as defined for the time being, or from place to place within the limits of the port, unless such person or persons shall hold a license—vide Appendix A—granted by the registering officer so to use such boat or outboard, and unless the boat or outboard as used shall have been registered. This rule is not to be considered as interfering with boats forming part of the vessel's equipment or maintained solely for purposes of pleasure.

2. Should the owner of a boat be a minor, the license may be obtained by the guardian of the minor. Should the owner of a boat be a female, who owing to the custom of the country cannot appear in public, the license may be obtained on her behalf by her duly constituted agent. In such cases the guardian or the agent shall be deemed to be the owner for the purpose of these rules.

3. Owners of licensed boats shall supply the tidal of each of their registered boats with the boat's license, which shall be kept in the boat when plying and shall be produced on any time when demanded by any duly authorized person. A printed copy of these rules, and of any written directions issued by the registering officer for carrying the same into effect shall be supplied by the owner to the tidal, and shall be shown by such tidal to any assigner or passenger by such boats who shall demand to see them.

4. Every boat being a steam launch having engine of under 50 nominal horse-power shall, when plying, whether for hire or not, have on board in charge of engine a person possessing a certificate of competency as an engine-driver granted under the Indian Steam Ship Act, 1884, or under the Indian Steam Vessels Act, 1884. When application is made to the registering officer for a license for a steam launch, of which the owner or master does not hold a certificate of competency under the Indian Steam Ship Act, 1884 or the Indian Steam Vessels Act, 1884, the application shall be accompanied by a fee of Rs. 25.

5. (a) Every boat having engine driven by electricity, oil or petrol shall, when in use, whether plying for hire or not, have on board in charge of the engine a person experienced as his work and able to govern the registering officer's satisfaction, by starting, stopping, reversing and slowing the engine, that he is competent to be in charge; and a second person who has had some experience and understands how to handle a boat in a workable manner. The owner or owners of such boats shall keep them clean and free from oil-stains.

(b) Owners of power-propelled launches, other than steam launches, must submit their engines for inspection not less frequently than once a year. For such inspection the registering officer will submit a certificate (specifying time) the Port Commissioner. The registering officer may, at his discretion, insist on more frequent inspection of such engines.

6. Every boat used for the purpose of fishing, not being a pleasure boat, shall be registered and submitted for fishing, shall be registered and the owner or owners of every such boat shall obtain a license; and every such boat shall carry on one of its sides and on each of its sides a number to be assigned to it by the registering officer at the time of registration, together with the name of the port at which it was registered; and no person shall use any such boat for the purpose of fishing until it has been registered and a license obtained for it and a number and port name have been placed upon it as described above. The number of the boat shall be placed over the figures of the tonnage, a space of not less than three inches dividing the two—example "1". No person shall paint or cause to be painted or counterfeited upon any boat not duly registered any such figures as afloat, or other mark likely to induce the belief that such boat has been registered.

No person, whether an owner of a registered boat or boats or not, shall alter or cause, or shall assist in altering or causing, any such figures as afloat. On the license granted in respect of a registered boat being withdrawn, all numbers painted or branded on such boat shall be effaced by the owner.

NOTIFICATIONS.

Glasgow, August 4, 1917.

No. 38.—It is proposed to amend appendix I (pages 1-26 of Board's Standing Orders, volume II) to Board's Standing Order No. 4 as shown below. The amendments will be taken into consideration by the Executive Engineer and Council after three months from the date of publication of this notification. Objections and suggestions relating thereto should be submitted to Government within that period.

Amended rule II, sections B, C, D and E.—(1) Any cultivator of dry land may apply to the karnam not later than 15th January for a supply of water for the irrigation of wet crops on a survey field or subdivision of a survey field. Applications should be presented in triplicate in form A annexed to these rules. No applications will be received for irrigation during the second crop season. Printed forms of application can be obtained from karnams, revenue inspectors and talukdars. Applications are accepted from stamp duty.

Note (1).—In the case of applying both Talukdars and karnams in July, August or September applications for water for a first crop may be made up to 15th August.

Note (2).—Applications for water for a second crop grown during the rainy season should be made by the 15th July.

Note (3).—The words "dry land" in this rule shall, in the case of proprietary estates, be taken to mean land not irrigated by a permanent well.

(2) The karnam should acknowledge each application, enter it in a register, verify the entries contained in columns 1-4 of the application and fill in the entries in regard to columns 5-8 thereof. He should retain one copy of each application and paste it into a file book maintained for the purpose. He should submit the other two copies of all applications to the Executive Engineer within three days after the latest date permitted for the presentation thereof.

(3) The Executive Engineer shall maintain a register of applications. It is for him to decide whether an application should be rejected or should be sanctioned wholly or in part. In every case of rejection, he should record the reasons for his decision and submit a copy of the application direct to the karnam, to whom he should also send a list of all rejected applications; the karnam should transmit this copy of the rejected applications to the applicant within three days of its receipt from the Executive Engineer.

(4) In the case of applications which the Executive Engineer accepts, he should transmit both copies to the Talukdar, with a complete list of villages and survey fields for which applications have been accepted. The Talukdar should enter these applications in a register and should examine each one, in order to see whether any of the survey fields are prohibited or lie within the prohibited village dry zone or whether their occupation or irrigation has been prohibited for any other reason. If the Executive Engineer has accepted an application in the case of a prohibited field, the Talukdar should report this case for the orders of the jointland officer. The Talukdar should send the karnam a list of cases in which applications have been accepted and in which there is no objection to such acceptance on any of the grounds stated above; he should also retain a copy of the application for transmission to the applicant.

(5) It is open to the jointland officer to amend the Executive Engineer's orders of acceptance in cases in which the irrigation of the fields concerned is prohibited on any of the grounds indicated in the last preceding sub-paragraph. It is also open to the Collector to grant water, when for some special reason he disagrees with an order of rejection passed by the Executive Engineer under sub-paragraph (4) above. Copies of orders passed under this subsection by the Collector or by the jointland officer should be communicated at once to the Executive Engineer.

(6) In cases in which an applicant receives no orders on an application by the 15th June, permission to take water may be considered to have been granted and no enhanced water-rate will be charged for irrigation; this provision does not, however, exempt the cultivator from the necessity for taking permission in subsequent years.

(7) The registers maintained by the Executive Engineer, the Talukdar and the karnam should show whether applications have been granted (wholly or in part) or refused. The karnam's register shall be open for inspection by villagers.

(8) When the Executive Engineer has sanctioned a supply of water under sub-paragraphs (2) and (4) above, no further application shall be necessary for the supply of water for the same survey field or subdivisions, as the case may be, unless the applicant has expressly stated in his original application that water is only required for one field.

(9) When land has once been irrigated with permission for a wet crop, it will, subject to the exception mentioned in paragraph (8) above, be liable to water-rate (water being available) until either the supply of water is stopped by the Executive Engineer under rule VII or a formal application for the discontinuance of the supply is made under paragraph 10 below.

(10) Cultivators of dry land who wish for the discontinuance of a supply of water should apply to the karnam not later than the 1st January. Applications should be presented in triplicate in form B annexed to these rules. Printed forms of application can be obtained from karnams, revenue inspectors or talukdars.
